

Hampshire CAMHS are celebrating 75 years of the NHS by working with professional artists to produce a giant hot air balloon featuring artwork by Hampshire's young people.

We are looking for young people to create artwork in any medium that reflects ;

- What has the NHS achieved for young people over 75 years?
- What positive experience have you had with the NHS?
- What would your message to the NHS be on its 75th anniversary?

The selected designs will then be used to create the artwork for the balloon.

The intention would be for schools involved to take part in a day of celebration on **July 5th 2023** where the balloon will be shown. The day will offer an opportunity to share and focus on our mental health.

Please email your artwork submissions to **spnt.hantscamhsinnovation@nhs.net** and title your message "Hot Air Balloon". **Please note:** Hampshire CAMHS will need the original work of those that are chosen for the balloon

To book your space at the celebration, visit:
